1.2.1 Customer Identification

i. The Compliance Officer ensures that no anonymous account or account that is in the name of fictitious person(s) is opened. He takes all following described steps to confirm the true identity of the prospective customer(s) and to collect all relevant information to ascertain the identity of the real controlling party/beneficial owner of the trading account. For this purpose, he possesses the authority to collect the following documents and information along with copy of any utility bills or making a telephone call from recorded line at residential or business address of client(s) for verification of information provided, list of documents to be obtained as per KYC/CDD Checklist and check in screening software for family members, if not found, ask for details from prospective customer(s). Further, KYC and CDD policies and procedures are fully applied for identification of customer, KYC/CDD checklist attached as “Annexure-3”.

SOP'S

ii. In case, a customer is acting on behalf of another person(s), the Compliance Officer take the following mentioned step(s) that all the relevant documents should be obtained to determine the true identity of that person.

iii. For corporate clients (partnership/companies/ corporate bodies), the Compliance Officer takes reasonable measures to identify the beneficial ownership and control structure of the dealing with the Brokerage House. For this purpose, the Compliance Officer seeks additional information along with SAOF to identify the person(s) with controlling interest.

iv. For corporate clients (partnership/companies/ corporate bodies), the Compliance Officer get that authorization letter/ board resolution of such person(s) who deal with the Brokerage House on behalf of the customer. Checklist of SAOF for partnership/companies/ corporate bodies is being used for this purpose.

v. The Compliance Officer ensures that accounts of partnership/companies/ corporate bodies are not opened in the individual name of any employee/ official. Compliance Officer further ensures that Government accounts are not to be opened in the personal name of any Government official.

vi. Where an account is to be operated by an officer of the Federal/Provincial/Local Government in his/her official capacity, it is opened only on production of a special resolution/ authority from the concerned administrative department duly endorsed by the Ministry of Finance or Finance Department of the concerned Provincial or Local Government.

vii. In all cases of non-resident status of customer, complete account detail is collected as per SAOF from the customer to fulfill the requirement for opening account.

viii. All individual(s) customers are compulsory to physically appear in the office(s) of Brokerage House at the time of opening of his/her/their account(s). In case, the customer(s) are in cities

SOP'S

where we do not have the office(s), the customer is required to physically appear in Brokerage House nearby office.

ix. In case of non-resident customer, Brokerage House verifies the customer credibility and related risk from third party like confirmation from previous broker of the customer, foreign employer of the non-resident (if possible) or from any other reliable source.

1.2.2 Risk Assessment

(1.10, 1.14, 1.15 of the Guidelines)

The Brokerage House performs the risk assessment of all the existing and prospective customers on the basis of information obtained regarding their identity, nature of income, source of funding, location etc. and based on the results of such assessment, categorize their customers among high risk, medium risk and low risk customers. The Brokerage House has developed guidelines for identification of High Risk customers which includes:

- Customer(s) having non-resident status.
- Legal persons or arrangements including non-governmental organizations. (NGOs) / not-for-profit organizations (NPOs) and trusts / charities.
- The customer(s) belonging to countries where CDD / KYC and anti-money laundering regulations are relaxed.
- The customer(s) whose business or activities present a higher risk of money laundering such as cash-based businesses like currency exchange dealers.

SOP'S

- The customer(s) with links to offshore tax havens.

Signed Risk Disclosure Document and related acknowledgement of understanding of risk, as per the specimen provided by the securities exchange containing all basic risk involved in trading in securities and risk associates with trading in derivatives and leverage products, must be obtained from each customer through account opening form.

- The high net worth customers with no clearly identifiable source of income.
- Any customer(s) with any reason to believe that has been refused brokerage services by another Brokerage House.
- Non-face-to-face / on-line customers.
- The customer(s) are establishing business relationship or transactions with counterparts from or in countries not sufficiently applying FATF recommendations; and
- Government Serving Officers
- Politically Exposed Persons (PEPs) or customers holding public or high-profile positions

Politically Exposed Persons (PEPs) are individuals who are or have been entrusted with prominent public functions for example senior politicians, senior government, judicial or military officials, senior executives of state-owned corporations, important political party officials.

Business relationships with family members or close associates of PEPs involve reputational risks similar to those with PEPs themselves.

The Brokerage House strictly refuses to open any account of a person who involves at any stage

SOP'S

in money laundering and terrorist financing or funding.

1.2.3 Enhanced Due Diligence

(1.11, 1.17 of the Guidelines)

The Brokerage House applies Enhanced Due Diligence (EDD) when dealing with high-risk customers. Their positions and transactions are closely monitored specially payment and receipts of high-risk customers and any unusual transactions are reported to exchange immediately. Special permission of CEO is required for opening account of high risk customer. On confirmation of any illegal activity by the high risk client, Brokerage House immediately terminates the business relationship with him and submits a suspicious transaction report to exchange immediately through CEO. Checklist for high risk customers have been attached as “Annexure-3”.

1.2.4 On-going Due Diligence

(1.8, 1.9, 1.12 of the Guidelines)

Customer Due Diligence (CDD) is not a one-time exercise, it is on-going process with the customer(s) relationship and scrutiny of transactions is undertaken to ensure that the transactions executed in a particular account are consistent with the knowledge of the customer, its business and risk profile, historical pattern of transactions and the pattern and source of funding of the account. Brokerage House ensures that the customer records are updated as and when required and sufficient information is obtained regarding any significant change in the customer(s) profile.

1.2.4 Simplified Due Diligence

SOP'S

1.2.4.1 The Brokerage House is applied simplified or reduced CDD measures in the following circumstances:

- Risk of money laundering or terrorist financing is insignificant
- Information on the identity of the customer and the beneficial owner of a customer is publicly available
- Adequate checks and controls exist

1.2.4.2 Accordingly, following customers may be considered for simplified or reduced CDD:

- Financial institutions which are subject to requirements to combat money laundering and terrorist financing consistent with the FATF recommendations and are supervised for compliance with those controls
- Public companies that are subject to regulatory requirements
- Government administrations or enterprises

When Brokerage House goes for simplified or reduced due diligence, the FATF guidelines in this regard are always considered. Simplified CDD is not followed when there is an identified risk of money laundering or terrorist financing.

1.3 The Brokerage House ensures the retention of the records of the customer's as per applicable laws and identification their updation on a timely basis. (1.4 of the Guidelines).

Policy for Data Retention:

All documents related KYC, account opening (SAOF), any correspondence with the clients and regulators and other related record are being kept safe under lock for a minimum period of five years.

1.4 The Compliance Officer gives approval of the opening of account of the customers and prepares a checklist for all the relevant supporting documents to be obtained in this process. The approval is based on duly filled checklist which covers the major areas of KYC guidelines. (1.5 of the Guidelines).

1.5 The Compliance Officer matches total number of accounts opened & client codes with the account opening forms and the checklist attached on regular intervals especially whenever there is any additional requirement to update the forms etc. (1.6 of the Guidelines).

1.6 Sufficient information as referred above in paragraph 1.2 and 1.3 is obtained and documented on the intended nature of the account to be opened/ maintained. (1.7 of the Guidelines).

1.7 The Brokerage House has formulated and devised effective in-house and out-source on-going employee training programs to ensure that the employees understand their duties regarding compliance of all relevant laws and other anti-money laundering obligations and are able to perform the same on a satisfactory level (1.13 of the Guidelines).

1.8 Client is provided with the CDC setup report for signatures. Copy of complete set of Account Opening form is also provided to the client for his record. Further, a copy of the UIN Post Report is also provided to the Customer to ascertain that consistent and accurate information is entered in all relevant systems (Form 1A). (1.16 of the Guidelines)

2. Periodic Reporting to Customers

2.1 To comply the CDC and PSX regulatory requirements for sending securities balance reports

SOP'S

and account statements, following policies are being followed; (2.1 of the Guidelines)

- Transmission of trade confirmation to be transmitted within twenty-four hours of execution of order in the prescribed format
- Circulation of quarterly account statement to each of its clients in a manner and with at-least such information as prescribed by the regulations
- Duplicates or counterfoils of memos/confirmation issued to clients to be preserved for a period of not less than five years

2.2 The Compliance Officer ensures continuous compliance with the above policies. (2.2 of the Guidelines)

3. Account Closing

3.1 The Compliance Officer ensures that the following regulatory requirements have been fulfilled before and after the closing of Customer's Account; (3.1 to 3.4 of the Guidelines)

- **At the time of Account Closure:**
 1. Settlement of outstanding balance in the client's regular bank account (money and shares/securities held on client's behalf);
 2. Criteria for account closing date; whether after settlement or the date of application of account closing.
- **Subsequent to the Account Closure:**
 1. There is no balance/ securities outstanding against the customers;
 2. Customer's money has been transferred/ settled;
 3. No transaction is carried out subsequent to account closing date;
 4. Requisite certifications and clearances as prescribed under the applicable regulatory framework have been obtained for closing the account.

4. Controls over order acceptance and execution to ensure compliance with regulatory requirements

(4.1-4.6 of the Guidelines)

4.1 Policy to deal on behalf of a Customer:

- The Brokerage House does not deal in securities on account of customer without written approval obtained (through account opening form or otherwise)

SOP'S

- Authorize person takes reasonable measures to execute the orders placed by the customers on the most advantageous terms as expeditiously as practical in the prevailing market conditions only after the instructions obtained from customers either in written or through recorded line.
- The chronological register is being maintained in electronic form including the logs generated from the system and telephone recording for a period required by the regulations.
- Records pertaining to all orders received from customers in writing or through any other document, fax, email, or through any other means is being preserved for a period as required by the regulations.
- The Compliance Officer has given the authority to match trades executed on behalf of customer with the instruction on a test basis at any point of time.

5. Segregation of duties

(5.1-5.3 of the Guidelines)

- The Brokerage House has assigned clear lines of responsibility, authority and tasks that are adequately assigned to its employees and accredited representatives through their Appointment Letters.
- There is segregation between front office and back office functions. Accordingly, person responsible or authorized to execute proprietary trades or client trading will not have access to books of accounts and will not have authority to access/ modify the back office record.
- Proprietary Trade is executed only with approval of the CEO duly authenticated by the BOD.

6. Trading in Brokerage Operations/ Trade Review Procedures to detect violation with regulations

(6.1-6.4 of the Guidelines)

- d) All the securities are duly reported in the Statement.
- e) Amount of Trade payables reported in the Statement is matched with the books of accounts as at cutoff date.
- f) Amount of Cash at bank(s) [designated as clients' account(s)] reported in the Statement is matched with the amount in the bank statements of respective bank(s) at the cutoff date.
- g) Amount of Trade payables as reported in the Statement is in agreement with the balance of designated bank account(s) as reported in the Statement.
- h) As per the instruction of BOD, the Compliance Officer ensures the timely fortnightly (un-verified) submission of the statement, while audited submission of the statement within 45 days of close of the financial year to Pakistan Stock Exchange.

As per the instruction of BOD, the Brokerage House through Compliance Officer ensures;

- To keep all clients' monies & securities segregated and secure from its own assets
- To maintain a separate bank account(s), with word "clients" in the title to hold clients' money.
- At any point in time, clients' payable as per clients' ledgers (books of account) are supported

SOP'S

with equivalent amount of in clients' bank account(s).

- At any point in time, clients' securities position as per back office record is supported with equivalent holding balances as per CDS record.
- Any difference is justified through reconciling items. Unresolved discrepancies are reported to the CEO for taking immediate remedial action.
- In case the Brokerage House fails to rectify the position within three business days, the matter is reported to the Commission and the securities exchange by the Compliance Officer.

8. Maintenance of Net Capital Balance/ Liquid Capital/ BMC Requirements

(8.1-8.6 of the Guidelines)

The BOD has approved the following procedures in respect of compilation, bench marks and filing of NCB, LCB and BMC and assign to ensure respective compliance.

- The Brokerage House complies with the requirements given in the Third Schedule of the Securities and Exchange Rules 1971, the Securities Brokers (licensing and Operations) Regulations 2016 and the clarifications issued by Securities and Exchange Commission of Pakistan (SECP) for maintaining net capital balance.
- The Compliance function ensures that the calculation of Net Capital Balance (NCB)/ Liquid Capital is made in accordance with Schedule II & III of the Regulations. The calculation is reconciled with the back office record.
- NCB/ Liquid capital is reported to the Stock Exchange in accordance with the Guidelines prescribed by the regulator.
- The Brokerage House complies with the requisite Liquid Capital and BMC requirements.
- The Brokerage House submits an audited Statement of NBC/ Liquid Capital semiannually.
- The Compliance Officer ensures the accuracy and timely filing of the above statements.

9. Brokerage Commission

SOP'S

(9.1-9.9 of the Guidelines)

- Rate of Brokerage Commission is approved by the CEO adherence to the minimum brokerage commission rates prescribed by PSX under the normal circumstances, if any.
- Applicable brokerage commission is disclosed to the customer(s) at the time of account opening and acknowledgement of the same is obtained along with account opening form or otherwise. Further, any change in the cost charged to the customer is communicated to the customer in advance.
- The Compliance Officer ensures that commission rates are properly allocated to each customer as agreed in writing and properly updated from time to time. For this purpose, the Compliance Officer;
 - Ensures that approved brokerage commission is in accordance with the policy and is charged to individuals, corporate and other clients as per the terms of agreement
 - ensures that commission rates are adequately maintained in the master data list and are incorporated in IT System and related IT controls are in place and reviewed on regular basis
 - reviews on sample basis, invoice or bill issued to clients has been duly reflected in respective clients' ledger as well as ledger of commission income
 - Reviews Ledger account of commission income to check that if any adjustment is appearing therein. If so, check nature of such adjustment(s) whether it is used to refund commission to clients
 - Comparison of the commission income appearing in ledger(s) with figures appearing in audited financial statements is carried out
 - Reviews ledger account of commission expense to ensure if any adjustment is appearing therein. If, so, check nature of such adjustment(s) whether it is used to adjust the commission.
 - Reviews dealer/agent wise commission to check un-accredited representatives of unauthorized branches.

SOP'S

10. Conflict of interest

(10.1-10.8 of the Guidelines)

The BOD has devised and approved following policies and procedures in respect of conflict of interest.

- Conflict of interest between employees/accredited representatives:

Any employee/accredited representatives facing conflict of interest immediately inform the CEO. The CEO immediately address this matter by issuing the written instructions. The Compliance Officer ensures the execution of these instructions. A Chinese wall is also created between staff performing conflicting duties and timely disclosures to clients.

Instances of conflict of interest may include where Brokerage House is also book runner for a book building or acting as consultant for an issuer company etc.

In case of any conflict of interest arises between the Brokerage House and the customer; it is immediately communicated to the client(s). The Brokerage House acts in the best interest of the customer and as matter of policy, no direct or indirect advantage is gained from the said situation.

- Compliance Officer ensures above mentioned of policy of conflict of interest and in case of any breach of policies by employees or accredited representatives, proper investigation is carried out and action is in ken by the CEO.

11. Confidentiality of Information

(11.1-11.2 of the Guidelines)

The BOD has devised and approved following polices and procedures in respect of confidentiality of information.

- **Policy of Confidentiality**

SOP'S

Orders placed by any client are kept secret/ confidential

- Market sensitive information from one division/ department to another is not disseminated unless required in writing
- Individuals making proprietary investment decisions are not trading on the basis of material nonpublic information obtained from another department or unit of the Brokerage House
- The Brokerage House, its employees and accredited representatives neither profit nor seek to profit from confidential information, nor provide such information to anyone with the objective of making profit for itself or for its customers
- The Brokerage House, its employees and accredited representatives refrains from trading on the basis of confidential information, and its employees and accredited representatives do not reveal such information outside the Brokerage House.
- The Brokerage House and its employees and accredited representatives do not disclose or discuss with any other person other than normal course of business or make improper use of the details of investments of customers and other information of confidential nature of a customer.
- To ensure proper implementation of confidentiality policy, written confirmation is obtained from each member of BOD and staff.

12. Controls over trading by employees including proprietary, employees and associates trading through other brokerage houses

(12.1-12.4 of the Guidelines)

The BOD of the Brokerage House developed and approved following policies in respect of trading by employees including proprietary, employees and associates through other brokerage houses.

- i. Document containing disclosure by every employee and accredited representative of any securities held by employee, spouse and /or dependent children along with details of their accounts with a Brokerage House is required to be provided to the Compliance Officer;
- ii. It is obligatory for an employee/accredited representative to obtain written approval for

SOP'S

trading for their own personal accounts or on behalf of their spouses and/or dependent children;

iii. Approval or rejection of an application seeking trading or investment in securities by employees and accredited representatives is made by Compliance Officer which is duly endorsed by the CEO;

iv. Disclosure of securities held by employees and accredited representatives and their spouses and dependent children is annually made to Compliance Officer, containing reporting of actual transactions, including volume, date and price, in a timely manner;

v. There is restriction on employees and accredited representatives from deriving any benefit or personal advantage from information which is generally not available and which is obtained by reason of or in the course of their employment with the Brokerage House;

vi. There is no bar on minimum holding period but Brokerage House discourages frequent short-term trading or trading for speculative purposes;

vii. To restrict the misuse of confidential information, trading windows and blackout periods as prescribed from time to time; and

viii. Every employee and accredited representative ensure compliance with the code of conduct and other requirements specified by the securities exchange.

- **Proprietary Trade**

i. The CEO approves the list of employees, from time to time, who are authorized to operate the proprietary trading accounts along with the authorized terminals.

ii. The proprietary trades of a Brokerage House are executed through designated terminals and by designated systems operators only.

- **Trading Through Another Brokerage House**

It is clearly communicated to every employee of the Brokerage House that no employee and accredited representative, including employee serving as director on its board, is allowed from trading through another securities broker of the same securities exchange. Strict action as per regulations is taken in case any personnel is found involved in such activity.

13. Customer Complaints

(13.1-13.4 of the Guidelines)

The BOD of the Brokerage House has devised the following policies and procedures in respect of customer(s) complaints and its resolution.

- The Compliance Officer is responsible for handling of customer complaints. For this purpose, the Compliance Officer maintains a register of complaints containing complete particulars regarding each complain either in soft or hard form.
- Special attention is given for any unusual or frequent complaints which indicate Control deficiency.
- Resolution of customers' queries is made within 7 days.
- CEO periodically reviews, monitors and ensures proper handling and appropriate remedial action of customer complaints is carried out.
- Unresolved complaints beyond required timeline are communicated to the CEO along with reasons of delay. The CEO reviews and resolves the matter immediately after consultation with the Compliance Officer.
- Quarterly reports regarding number of complaints received, redressed and unresolved are submitted to the PSX, if any.

14. Short Selling Requirements

(14.1-14.6 of the Guidelines)

The BOD of the Brokerage House has devised following policies and procedures in respect of Short Sale.

The Brokerage House makes a Short Sale on its proprietary account or client's account only if;

a) Short Sale is made at an Uptick or Zero-Plus Tick except as stated and permitted by the exchange; and

b) Short Sale is declared as a Short Sale at the time of placement of order through Trading System in a special Short Sale Order Window designated in the system for this purpose.

Provided that Brokerage House do not enter Short Sale order in the Trading System if the client has not indicated whether the sale order is a Short Sale or a Sale with on recorded

SOP'S

line or in writing.

c) It is obligatory for the Short Seller (customer) to make delivery of the net shares involved in the Short Sale on the day of settlement.

d) Before every transaction of Short Sale, it is ensured that the customer is aware of the risks involved in Short Sale and has the financial capacity to assume such risks.

e) The Compliance Officer ensures the compliance with this policy in respect of all Short Sale to identify trades that may violate the provision of the Act and any rules and regulations made thereunder by the Exchange.

It is very clear policy of the Brokerage House that:

- No Blank Sale is made in the Ready Delivery Contract Market either for its own account or for its clients.
- To prevent blank sales, production of evidence of holding of securities by the customer, if the securities are not held under custody with broker (e.g. securities held in the Investor's Account), is mandatory.

15. Controls over completeness, accuracy and authenticity of back office record and data

(15.1-15.2 of the Guidelines)

To ensure completeness, accuracy and authenticity of back office record and data following controls are approved by the BOD of the Brokerage House:

- Proper log and sequencing of all input data and transaction documents are maintained for a period of five years.
- Operating System and Database controls as specified in these SOPs are devised and followed including proper indexing and arranging of all deals and transactions so as to permit prompt access to any particular record
- IT controls as detailed in these SOPs are devised and followed.
- Contingency Plan regarding Disaster Recovery as specified these SOPs is devised to ensure continuity of its operations in the event of disaster or crisis as detailed in the regulations.
- Processing and recording of transactions as mentioned in the relevant section is being SOP'S

followed for all transactions

- The recording of telephone orders placed by the customers' is kept by the I.T Department for a minimum period prescribed by the applicable laws and regulations.
- Brokerage amount is calculated by the system automatically on the basis of brokerage rate entered in the system at the time of account opening.
- Adjustment (If any) to the amount of brokerage is made only after approval mail from traders.
- All the equity brokerage transactions entered into by the Brokerage House is settled through NCCPL.
- The Accounts Manager compares the Trade Summary (System Generated Report of Trades) with NCCPL clearing report by comparing net amount receivable / payable as per NCCPL report extracted from NCCPL terminal, in order to ensure that there are no unrecorded transactions. In case a difference is identified between the Trade Summary and NCCPL report, reconciliations are prepared.
- The reconciliations are reviewed by the personnel designated by the CEO.
- Physical access to back office data is restricted to authorized persons only. List of authorized persons is made and communicated to employees from time to time.

B. FINANCE

16 Financial statement closing process

The BOD of the Brokerage House has devised following policies and procedures in respect of finalization of financial statements.

Preparation of financial statements (16.1-16.3of the Guidelines)

16.1 Finance Manager prepares draft financial statement and its disclosures based on the system generated trial balance and information received from various departments and ensures the completeness of disclosures in the financial statements under applicable laws and regulations.

SOP'S

Reconciliation of house securities with CDC/NCCPL (16.4-16.6 of the Guidelines)

16.2 Finance Manager prepares reconciliations with CDC/NCCPL on monthly basis. These reconciliations along with related adjustments are approved by the Compliance Officer.

Recording of tax expense, withholdings and payments (16.7-16.9 of the Guidelines)

16.3 Current and deferred taxation workings are prepared by the tax consultant at the end of each financial year. Correctness of these workings are ensured by the Finance Manager.

These are incorporated after due verification by the statutory auditor.

16.4 The Finance Manager ensures the deduction and timely deposit of withholding taxes on payments to customers/vendors as per the requirements of applicable income and sales tax laws.

C. FIXED ASSETS/INTANGIBLE ASSETS

17 Addition, Deletions, Adjustment, Write-off

(17.1-17.12 of the Guidelines)

17.1 Requisition request is being issued for the capital expenditure by the relevant person containing the reason, description and amount. Verbal request is acceptable to the extent of capital expenditure amounting Rs. 100,000.

17.2 Quotations are obtained for capital expenditure amounting Rs. 500,000. Award of quotation is based upon the rate and quality of the goods.

17.3 Upon successful delivery and quality check, payment is being made to the vendor based upon the verifiable invoice. Afterwards, the tagging and entry in Fixed Assets is recorded by the Finance Department.

17.4 Disposal of asset is approved by the CEO and related details are sent to the finance department for recording in general ledger and fixed asset register accordingly.

SOP'S

17.5 Internal Audit Officer performs physical count of assets and reconcile it to fixed asset register in order to determine whether any adjustments/write-offs are required due to impairment or any other factor. Related findings are later scrutinized and related adjustments are incorporated in general ledgers and fixed asset register.

17.6 Depreciation is being computed by the Finance Manager, based upon the rates approved by the BOD which are consistently applied, at the end of each month/year and related adjustments are duly made in the fixed asset register accordingly.

18 Maintenance of Fixed Asset Register

(18.1-18.2 of the Guidelines)

18.1 Fixed Asset Register is maintained in accordance with the requirements of Companies Act, 2017 and TR-6 issued by the ICAP containing the following particulars;

- detailed description of each item;
- original cost of the item;
- date of its acquisition;
- classification of the item;
- the location and/or the custodian of the item;
- the rate of depreciation;
- accumulated depreciation;
- depreciation charge for the period;
- the department/ cost center/ product to which the depreciation is charged date of revaluation (if any);
- revalued amount (if any) of the items;
- depreciation on revalued amount;
- accumulated depreciation on the revalued amount.

18.2 Finance Manager ensures timely updation of Fixed Asset Register due to additions, deletions or related depreciation.

SOP'S

D. TRADE DEBTS

The BOD has developed and approved the following policy and procedures regarding the trade receivables and exposure limits of the client(s).

19 Exposure Limits

(19.1-19.4 of the Guidelines)

19.1 Exposure Limit to each customer is allocated up to the maximum balance available of the respected client except as approved by the CEO keeping in view the prescribed rules and regulations of exchange and NCCPL.

19.2 The Compliance Officer monitors the trade debts on regular basis and contravention/violation, if any, is immediately reported to CEO for necessary actions.

20. IT Controls

20.1 Approved exposure limits of customers are incorporated and continuously updated as per the defined criteria in the master data list of customers.

SOP'S

RISK PROFILING OF CUSTOMER

The following sets out examples of factors that RPs should consider when performing risk assessment. Where there is one or more “yes” responses, professional judgement must be exercised, with reference to the policies and procedures of the RPs, as to the nature and extent of customer due diligence to be carried out.

For Internal Use

Section A: If the response to any of the statements in Section A is "Yes", the entity shall NOT establish business relationship with the client		Yes/No	Remarks
1	Customer unable to provide all the required information in relevant forms		
2	Information required to be verified as per the regulations, cannot be verified to independent and reliable documents		
3	Customer, Beneficial Owner of the customer, person acting on behalf of the customer, or connected party of the customer matches the details in the following lists: a. Proscribed under the united nations security council resolutions and adopted by the government of Pakistan; b. Proscribed under the Anti-Terrorism Act, 1997		
4	There is suspicion of money laundering and/or terrorist financing		
Section B: Customer Risk Factor			
1	Is the customer, any of the beneficial owner of the client or person acting on behalf of the customer a politically exposed person (PEP), family member of a PEP or close associate of a PEP?		
2	Is the customer non-resident Pakistani?		
3	Is the customer foreign national?		
4	Is the customer High net worth individual?		
5	Legal persons: <ul style="list-style-type: none"> • Companies – Local • Companies – Foreign • Foreign Trust or Legal arrangements • Local Trust or Legal arrangements • Partnerships • NGOs and Charities • Cooperative societies 		
6	Intermediaries eg. Third parties acting on behalf of customers (Lawyers, Accountants etc.).		
7	Performed further screening of details of customer, beneficial owner of the customer, person acting on behalf of the customer, or		

	connected party of the customer against other information sources, for example, google, the sanctions lists published and/or other third party screening database. Are there adverse news or information arising?		
8	Customer's source of wealth/ income is high risk/ cash intensive		
9	Does the customer have nominee shareholder(s) in the ownership chain where there is no legitimate rationale?		
10	Is the customer a shell company?		
11	Does the customer have unusual or complex shareholding structure (e.g. involving layers of ownership structure, different jurisdictions)?		
12	Does the stated source of wealth / source of funds and the amount of money involved correspond with what you know of your customer?		
Section C: Country / Geographic Risk Factors			
1	<p>Is the customer, beneficial owner of the customer or person acting on behalf of the customer from or based in a country or jurisdiction:</p> <ul style="list-style-type: none"> a. Identified as High-risk jurisdiction by the FATF and for which financial institutions should give special attention to business relationships and transactions. (Countries having weak governance, law enforcement, and regulatory regimes). b. Countries subject to sanctions, embargos or similar measures issued by international authorities (E.G. UN, WB, IMF) c. Countries where protection for customers privacy prevents effective implementation of AML/CFT requirements and/or facilitates the framework for establishment of shell-companies. d. Countries/ Geographies identified by recognized sources as having significant levels of organized crime, corruption or criminal activity. e. Countries/ Geographies identified by recognized sources as providing funding or support for terrorist activities or have terrorist organizations operating within them. 		
Section D: Services / Transactions Risk Factors			
1	Is the business relationship with the customer established through non face-to-face channel?		

2	Has the customer given any instruction to perform a transaction (which may include cash) anonymously?		
3	Has the customer transferred any funds without the provision of underlying services or transactions?		
4	Are there unusual patterns of transactions that have no apparent economic purpose or cash payments that are large in amount, in which disbursement would have been normally made by other modes of payment (such as cheque, bank drafts etc.)?		
5	Are there unaccounted payments received from unknown or un-associated third parties for services and/or transactions provided by the customer?		
6	Does the value of the transaction appear to fall within the financial means of your customer, given their income and savings?		
7	Is there any divergence in the type, volume or frequency of services and/or transactions expected in the course of the business relationship with the customer?		
8	Significant and unexplained geographic distance between residence or business location of the customer and the location where the product sale took place (or the location of the insurer's representative)		
9	Customers seek or accept very unfavorable account/policy/contract provisions or riders and rely on free look up provisions		
10	Customers transfer the benefit of a product to an apparently unrelated third party		
11	Customer uses brokerage accounts as long term depository accounts for funds		
12	Customer is conducting transactions that do not have apparent economic rationale		
13	Transactions appear to be undertaken in a structured, sequential manner in order to avoid transaction monitoring/ reporting Thresholds		
14	Transactions involve penny/microcap stocks		
15	Transfers are made to the same person from different individuals or to different persons from the same individual with no reasonable explanation		
16	Customer requests a securities provider to execute and/or clear a buy order and sell order for the same security or similar or correlated securities (and/or on behalf of the same beneficial		

	owner), in close chronology		
17	Unusually large aggregate wire transfers or high volume or frequency of transactions are made with no logical or apparent reason		
18	Customer trades frequently, selling at a loss		
19	Customer invests in securities suddenly in large volumes, deviating from previous transactional activity		
20	Cross border correspondent financial institutions relationships		
21	Products/ Services		
22	Transaction Amount		

Section E: Customer Risk Assessment

Low – Simplified CDD
 Medium – Standard CDD
 High – Enhanced CDD
